Dr. Katie Jenner, Secretary of Education

ISPROUT Windows 2021-2022

Window 1: July 6, 2021 – October 3, 2021

Window 2: October 4, 2021 – January 2, 2022

Window 3: January 3, 2022 – April 3, 2022

Window 4: April 4, 2022 – June 17, 2022

Students with an IEP are required to be assessed at the entrance and exit to the program. Students do **not** need to be assessed during each window.

The Office of Student Assessment understands that new students enroll throughout the academic year. The windows were created to accommodate common time frames and new students as best as possible. If a new student enrolls at the end of a window, it is recommended that scoring be completed during the following window as there will most likely not be enough information to complete a full assessment on a student until the next full collection window.

If a full assessment is not completed during a defined window, it will impact the scoring on ISPROUT reports and growth or progress will not likely result between data points.
